Single Design - #3 Shell Argyle

Both sides are rows of shells.

This interlocking pattern works evenly over a multiple of 2 + 1 A-colored boxes.

With A, work a foundation ch that is a multiple of 4 sts + 6.

Foundation Row A: With A, work row 1 of filet mesh, set aside.

With B, work a foundation ch that is two chains shorter than the length of the A-colored foundation chain.

Foundation Row B: With B, work row 1 of filet mesh, set aside.

Place the A-colored layer on top of the B-colored layer, with the working yarn of both pieces at the same edge (right edge if you are right-handed, left edge if you are left handed).
