

# Interlocking Crochet™

Designed by Tanis Galik – Explore the Possibilities! at <http://www.interlockingcrochet.com/>

## Double Design - #41 & 42 Vegetable Patch/Picket Fences

Side 1 (RS): Color A creates rows of vegetables; Color B creates rows of vegetables.

Side 2 (WS): Color A creates the background; Color B creates the picket fences.

*This interlocking pattern works evenly over a multiple of 2 A-colored boxes.*

With A, work a foundation ch that is a multiple of 4 sts + 4.

Foundation Row A: With A, work row 1 of filet mesh, set aside.

With B, work a foundation ch that is two chains shorter than the length of the A-colored foundation chain.

Foundation Row B: With B, work row 1 of filet mesh, set aside.

Place the A-colored layer on top of the B-colored layer, with the working yarn of both pieces at the same edge (right edge if you are right-handed, left edge if you are left handed).

**Front Puff = [From front, yo, insert hook same dc, yo, pull up on hook] 4 times, yo and pull through 9 loops on hook, ch 1.**

Drop Color B to front

Row 1A (RS): With A, ch 4 (counts as first dc, and ch-1 sp), dcib in next dc, \*ch 1, dcib in next dc; repeat from \* across.

Row 1B (RS): With B, ch 4, Front Puff in next dc, \*ch 1, Front Puff in next dc; repeat from \* across to last dc, ch 1, dcif in last dc.

Turn the entire piece.

Drop Color B to front

Row 2A (WS): With A, ch 4, dcib in next dc, \*ch 1, dcib in next dc; repeat from \* across.

Row 2B (WS): With B, ch 4, dcif in top of previous row Puff, \*ch 1, dcif in top of previous row Puff; repeat from \* across to last dc, ch 1, dcif in last dc.

Turn the entire piece.

Drop Color B to back

Row 3A (RS): With A, ch 4, Front Puff in next dc, \*ch 1, Front Puff in next dc; repeat from \* across to last dc, ch 1, dcif in last dc.

Row 3B (RS): With B, ch 4, dcib in next dc, \*ch 1, dcib in next dc; repeat from \* across.

Turn the entire piece.

Drop Color B to front

Row 4A (WS): With A, ch 4, dcif in top of previous row Puff, \*ch 1, dcif in top of previous row Puff; repeat from \* across to last dc, ch 1, dcif in last dc.

Row 4B (WS): With B, ch 4, FPdcif in next dc, \*ch 1, FPdcif in next dc; repeat from \* across.

Turn the entire piece.

Repeat Rows 1 - 4 until piece is desired length, ending with Row 1.

Row A (WS) only: With A, ch 4, dcib in top of previous row Puff, \*ch 1, dcib in top of previous row Puff; repeat from \* across to last dc, ch 1, dcib in last dc.
